ASHA CEUs and Eligibility

ASHA CEUs are awarded through the ASHA CE Registry to SLPs, audiologists, or speech/language/hearing scientists. To receive ASHA CEUs, eligible persons must join the ASHA CE Registry, which functions like a college registrar. In addition to maintaining a permanent, cumulative record of courses and ASHA CEUs (taken from ASHA Professional Development as well as other providers), you may also request official transcripts from the CE Registry. Learn about the CE Registry.

Joining the Registry is optional. If you are eligible to earn ASHA CEUs, but choose not to join the Registry, you may track your own professional development hours.

Who is eligible to earn ASHA CEUs?

Effective July 1, 2011, individuals must meet at least one of the following conditions in order to be eligible to earn ASHA CEUs.

- ASHA Member (includes Life member and International affiliates)
- ASHA Certificate of Clinical Competence (CCC) Holder
- Licensed by a state or provincial regulatory agency to practice speech-language pathology (SLP) or audiology

Pearson

- Credentialed by a state regulatory agency to practice SLP or audiology
- Credentialed by a national regulatory agency to practice SLP or audiology
- Engaged in a Clinical Fellowship under the supervision of an individual with their ASHA CCC
- Currently enrolled in a masters or doctoral program in SLP or audiology

What does the ASHA CE Registry do to determine eligibility?

If we receive participant information for an attendee who is not in our database as an "eligible" Registry user, we will send an e-mail requesting the individual provide documentation of eligibility prior to awarding ASHA CEUs. An individual must have at least one eligibility criteria at the time they complete a course to be eligible to earn ASHA CEUs

As of January 1, 2017, the CEB will no longer accept requests from participants asking that ASHA CEUs be granted for a course with an end date more than 12 months ago.

The ASHA Continuing Education Board (CEB) encourages course participants to review their ASHA CE Registry transcripts regularly. If you find that your ASHA CE transcript doesn't include a course or courses, first contact the ASHA Approved CE Provider who offered the course. Ask the Provider if your information for the course was submitted to the ASHA CE Registry.

If you qualified for and requested ASHA CEUs at the time of the course but the Provider didn't submit your information to the ASHA CE Registry, the Provider will work with the ASHA CE Registry to add the course to your ASHA CE Registry Transcript.

If the Provider does not have record of your completion of the course or documentation of your request to earn ASHA CEUs (e.g., completion of an ASHA CEU Participant form or submission of the documentation requested by the Provider in order to earn ASHA CEUs), you'll need to contact the ASHA CE Registry directly to appeal to earn the ASHA CEUs and have the course added to your ASHA CE Registry Transcript.

Appealing to have ASHA CEUs awarded and the course added to your ASHA CE Registry Transcript: Complete and mail the [participant appeal form](#) along with a certificate of attendance or other course completion verification. Your appeal will be adjudicated and, if approved, ASHA CEUs will be awarded. Submission of a participant appeal form is not a guarantee that the ASHA CEUs will be awarded. Remember, individuals who want to earn ASHA CEUs must complete the ASHA CEU Participant form at the end of the course. Alternatively, when completing an online course you must carefully follow the ASHA Approved CE Provider's instructions in order to be awarded ASHA CEUs. ASHA CEUs cannot be awarded retroactively.

How soon will a course be on my transcript?

ASHA CE Providers have up to 45 days from the course's end date to send your CEU Participant Form to us. Once here, processing time usually takes one week. During periods of heavy volume, processing time may be longer.

The ASHA CE Registry:
