USING GFTA-3 SPANISH SCORES AND MASTERY DATA TO INFORM DIAGNOSTIC DECISIONS

PRESENTED BY: MARIE SEPULVEDA, MA, CCC-SLP

Wednesday, May 2, 2018
1:00 p.m. to 2:00 p.m. Eastern Time Zone

Sponsored by: Pearson Clinical Assessment

Overview
This webinar will provide information about how GFTA-3 Spanish test scores, combined with research data showing age of emergence vs. mastery of speech sounds, provides clinicians with data needed to make meaningful interpretations of test results and convey results in a meaningful way to stakeholders.

Learner Outcomes
After the completion of the webinar, participants will be able to:

1. Describe why it is important to examine an individual’s speech sound productions in multiple word contexts rather than in a single instance in each position of the word.
2. Explain how to use age-and sex-based information provided in the Record Form to determine if an individual is learning to produce developmentally appropriate speech sounds at either an emerging or mastery level.
3. Explain how to use information in the Record Form to identify the age at which speech sounds should be produced correctly at least 85% of the time.

In addition to maintaining a permanent, cumulative record of courses and ASHA CEUs (taken from ASHA Professional Development as well as other providers), you may also request official transcripts from the CE Registry. Learn about the CE Registry.

Joining the Registry is optional. If you are eligible to earn ASHA CEUs, but choose not to join the Registry, you may track your own professional development hours.

What is the ASHA CE Registry doing to determine eligibility?
In May and June 2011, ASHA will contact current CE Registry users who do not meet the new criteria and ask them to document eligibility. After July 1, 2011, if ASHA receive an ASHA CEU Participant form for an attendee who is not in their database as an “eligible” Registry user, ASHA will ask them to provide documentation of eligibility prior to awarding ASHA CEUs. If you have questions about this new criterion, contact Ellen Fagan, Director of ASHA CE efagan@asha.org

Why should I use the ASHA CE Registry?
The ASHA CE Registry is a convenient, low cost, and safe way to keep track of courses taken through ASHA Approved CE Providers. ASHA CE Registry transcripts are accepted by all of the state licensing agencies and using the ASHA CE Registry provides a worry free way to document hours required to maintain ASHA Certification. For every year you pay the ASHA CE Registry fee, you may request an official transcript. We issue official transcripts to you, regulatory boards, employers or anyone else you designate.

If I earned ASHA CEUs prior to 7/1/2011 but I'm no longer eligible to earn ASHA CEUs, what happens to the CEUs I earned?
ASHA CEUs earned prior to 7/1/2011 will be retained on the ASHA CE Registry transcript. If you become eligible in the future to earn ASHA CEUs, contact the ASHA CE Registry for information about confirming eligibility.

If I have never earned ASHA CEUs, how do I establish eligibility?
If you are an ASHA member or ASHA CCC holder, we will have you in our database, and you are eligible to earn ASHA CEUs. If you are not an ASHA member or CCC holder but you meet any one of the other criteria, complete the ASHA CEU Participant form at the course. You can inform us of your eligibility by completing the form on the ASHA CE website, or when the CE Registry receives your form, the CE staff will contact you via e-mail to obtain eligibility documentation.

How soon will a course be on my transcript?
ASHA CE Providers have up to 45 days from the course's end date to send your CEU Participant Form to us. Once here, processing time usually takes one week. During periods of heavy volume, processing time may be longer.
