Presented by: Jarett Lehner
Thursday, September 20, 2018
2:00 p.m. to 3:30 p.m. Eastern

Sponsored by: Pearson Clinical Assessment

Overview
Q-interactive is Pearson’s platform for administering and scoring individually-administered tests digitally. The presenter will demonstrate how an SLP can use the system in their practice. This beginners-level course walks attendees through a sample assessment process using CELF-5, GFTA-3, and PPVT-4. The presenter will show how to set up iPads, create clients, assign a test battery, administer tests on the Assess app, generate score reports, and access support materials. If you are already a Q-interactive user, log-in to Q-interactive before the session and you can follow along while the presenter demonstrates each process.

Learner Outcomes
As a result of this activity, the participants will be able to:

1. Identify the differences between Q-interactive Central and Q-interactive
2. Demonstrate the Q-interactive Assess app and perform actions such as scoring test items, displaying stimuli on the Client/Stimuli iPad, and listening to audio recordings.
3. Create an assessment session in Q-interactive Assess and successfully score a report on Q-interactive Central.
4. Use the on-demand training resources and test material on the Support tab of Q-interactive Central.

ASHA CEUs and Eligibility

ASHA CEUs are awarded through the ASHA CE Registry to SLPs, audiologists, or speech/language/hearing scientists. To receive ASHA CEUs, eligible persons must join the ASHA CE Registry, which functions like a college registrar. In addition to maintaining a permanent, cumulative record of courses and ASHA CEUs (taken from ASHA Professional Development as well as other providers), you may also request official transcripts from the CE Registry. Learn about the CE Registry.

Joining the Registry is optional. If you are eligible to earn ASHA CEUs, but choose not to join the Registry, you may track your own professional development hours.

Who is eligible to earn ASHA CEUs?
Effective July 1, 2011, individuals must meet at least one of the following conditions in order to be eligible to earn ASHA CEUs.

- ASHA Member (includes Life member and International affiliates)
- ASHA Certificate of Clinical Competence (CCC) Holder
- Licensed by a state or provincial regulatory agency to practice speech-language pathology (SLP) or audiology
- Credentialed by a state regulatory agency to practice SLP or audiology
- Credentialed by a national regulatory agency to practice SLP or audiology
- Engaged in a Clinical Fellowship under the supervision of an individual with their ASHA CCC
- Currently enrolled in a masters or doctoral program in SLP or audiology

What does the ASHA CE Registry do to determine eligibility?
If we receive participant information for an attendee who is not in our database as an "eligible" Registry user, we will send an e-mail requesting the individual provide documentation of eligibility prior to awarding ASHA CEUs. An individual must have at least one eligibility criteria at the time they complete a course to be eligible to earn ASHA CEUs.
