

The Importance of Assessing Vocabulary: PPVT-5 & EVT-3 Administration & Scoring

Presented by: Anne-Marie Kimbell, Ph.D., MEd.

Wednesday, September 19, 2018
3:00 p.m. to 4:00 p.m. Eastern

Sponsored by: Pearson Clinical Assessment

Overview

Success in school requires age-appropriate knowledge of words and concepts, and the ability to use the knowledge for listening, reading, speaking, and writing. Unfortunately, not all children enter school with the word and concept knowledge that is foundational to learning. This presentation will focus on how clinicians can use the new Peabody Picture Vocabulary Test, Fifth Edition (PPVT™-5) & Expressive Vocabulary Test, Third Edition (EVT-3) to assess vocabulary size and determine the need for vocabulary instruction. The presenter will describe PPVT-5 and EVT-3 administration and scoring, and will discuss how to apply receptive/expressive vocabulary test results to plan appropriate evidence-based interventions.

Learner Outcomes

Based on the content of the webinar, participants will be able to:

1. List three reasons that it is important to assess receptive and expressive vocabulary.
2. Describe three administration and scoring rules for the PPVT-5 and EVT-3.
3. Explain the process for using PPVT-5 and EVT-3 results to generate an age-appropriate intervention plan.

Time-ordered Agenda - Eastern Time Zone

3:00 to 3:15 pm	The Importance of Assessing Receptive and Expressive Vocabulary
3:15 to 3:35 pm	PPVT-5 and EVT-3 Administration and Scoring
3:35 to 3:50 pm	Planning Intervention Based on Assessment Data
3:50 to 4:00 pm	Questions & Answers

About the Presenters

Dr. Anne-Marie Kimbell is a Senior Educational Consultant with Pearson Clinical Assessment. She earned her MEd from Baylor University and her Ph.D. in Counseling Psychology from Texas A&M University and is licensed as a clinical psychologist in Texas. Prior to joining Pearson, Dr. Kimbell worked in clinical settings, specializing in health and rehabilitation, neuropsychology and geropsychology. Dr. Kimbell teaches nationally on topics of assessment related to cognitive, learning, behavioral, and language related needs.
